Best of the Best Margaret River Wineries

*James Halliday 2009 Australian Wine Companion*

Reviewed by: Max Veenhuizen Spring Edition 2009

What, another **cracking** Margaret River chardonnay? We're not complaining, especially if they're all the same caliber as this.

This wine is **subtle**, **elegant** and **balanced** with well-weighted vanilla, marzipan and fig flavours taking turns appeasing the tastebuds. Even better, these flavours lurk with **considerable hang time** after every gulp. Reaching for another glass is just that little bit too easy.

Awarded: **SILVER (17/20)**

**94 Points** - James Halliday, July 2009

Combines **restrained oak** and fruit selection with **remarkable intensity** and length of the melon, grapefruit and stone fruit palate; **excellent balance and length**.
